**MUSINGS**

**A terminally ill patient once wrote: 'If I had my life to live over ...**

**I would have talked less and listened more.  
I would have invited friends over for dinner even if the carpet was stained and the sofa faded.  
I would have sat on the lawn with my children and not worried about grass stains.  
I would have cried and laughed less while watching television and more while watching life.  
There would have been more 'I love yous', more 'I am sorrys', but mostly, given another shot at life, I would seize every moment ... look at it and really see it; live it and never give it back.'**
